# QUARTERLY PHASER

OCT 1999

ISSUE 10

## ~~OLD STUFF, CURRENT STUFF, AND STUFF TO COME~~

What an incredible 3rd quarter it has been!

The National Championship Tournament was an absolute blast. The Pittsburgh Nightmare placed second in the over all team competition, The Phantom received recognition for having the most base hits of any other player in the tournament, and Kirby placed first in the individual competitions. Over all it was pretty strong showing for Laser Storm Pittsburgh.

The front of the store received somewhat of a facelift, the food court has been put in and is accessible every day, and a fountain machine has been installed so we now offer a 44oz super size drink for those thirst provoking Fire 'Til You Tire evenings.

The 3 on 3 tournament has

been indefinitely postponed due to the lack of teams. It will remain on hold until there is a better response in the form of team inquiries.

The member's birthday exclusive is also suspended until interest increases. We are currently looking for two or three volunteer members to pre-sell tickets for the exclusive event in exchange for a free admission. If interested, contact Talon to work out the details.

Many members don't know that we do a lot in the way of community discounts, donations and fund raisers. If you have a little league team, scout troop, school group, or any other organized activities group, and Laser Storm can help in some way don't hesitate to contact a manager.

## ~~NUMBER ONE IN THE NATION!~~

Every year, during The National Laser Storm Championships, an individual competition is held, and one player becomes "Number One" in the nation. This years winner is our very own "KIRBY". Not only did he fly through the preliminary rounds of the competition, but in the final one on one game, he didn't take a single hit. CONGRATULATIONS KIRBY!

The league scenario is a little different this series. All players will have one shield and an unlimited number of shots. The base is only worth 2 points and has an activation delay of only 1 second. The arena guardian will not be on during the first series of games. Normally that would mean that you only have to worry about the opponent team except that friendly fire is on so you may take a hit or two from someone on your own team. The first couple of weeks have been great. The level of competition is high and the level of fun even higher.
