# REGIONAL CHAMPIONSHIPS

The 2000-2001 Ohio / Pennsylvania season came to an end. On June 9th Laser Storm Pittsburgh held the Regional Championships. The tournament included: a catered meal, a refillable drink cup and a TON of laser tag games. The long evening started at 12:10 am and ended with the last game at 7:45 am. We ran 45 total games in less than eight hours. That's 6 games an hour, a new record! The 8 minute game time helped but the under 2 minute turnovers are to the credit of the players and staff.

Many compliments were made by the players about the tournament. This ends the season and the next step is Nationals 2001. Thank you to all the players that made the tournament a success!

## NEW DESIGN SELECTED

At the beginning of the last newsletter, we held a "Design your Own Arena" contest. Through the last three months, we have received about thirteen entries. When choosing an arena design you have to try to decide which will be played the best. Another factor, and the most important, is choosing the arena that will be the most FUN! After sitting down and looking over all the entries, it came down to two arenas submitted by Matt "Nut" Stroud and Robby "Mr. Bigglesworth" Schuster. Both arenas were interesting and the final decision was made. Mr Bigglesworth was our winner. If you have not tried out the new arena design, come out today! Many thanks to everyone who submitted a design.
